

## Cookies Policy

### What are cookies?

Cookies are small text files which are sent to your device when you visit a website. Cookies are then sent back to the originating website on each subsequent visit, or to another website that recognises that cookie. Cookies act as a memory for a website, allowing that website to remember your device on your return visits. Cookies can also remember your preferences, improve the user experience as well as tailor the adverts you see to those most relevant to you.

Cookies usually don't contain much information except for the url of the website that created the cookie, the duration of the cookie's abilities and effects, and a random number. Due to the little amount of information a cookie contains, it usually cannot be used to reveal your identity or personally identifying information.

You can find more information about cookies, including how to see what cookies have been set on your device and how to manage and delete them at [www.aboutcookies.org](http://www.aboutcookies.org).

### Cookies used on this website

#### Technical cookies

These are the cookies which allow the user to browse the website or the platform and to use the different options or services existing there such as, for example, controlling the traffic and communication of data, identifying the session, accessing restricted access areas, using security elements while browsing or storing contents for the dissemination of videos or sounds or sharing content through social networks.

#### Personalised cookies

These cookies allow the user to access the service with some predefined characteristics according to a series of criteria in the user's terminal such as, for example, the type of browser used to access the service, the regional configuration from which the service is accessed, etc.

#### Analytical cookies

These cookies allow us to quantify the number of users and also perform measurements and statistical analyses on our users' use of our website. To do so, the browsing on our website is analysed with the goal of improving it.

#### Publicity cookies

These cookies allow the management, in as an effective way as possible, of the publicity spaces that may be included on our website.

#### Behavioural publicity cookies

These cookies store information of the users' behaviour obtained through continued observation. Thanks to these, we can know the internet browsing habits and show you publicity related with your browsing profile.

### Third Party Cookies

These are cookies which are sent to the user's terminal from equipment or a domain which is not managed by TEMPACK, but by another entity which treats the data obtained through the cookies. As these are third parties which proceed with

implementing the cookies, blocking and uninstalling the cookies is regulated by the third party's specific conditions and mechanisms.

Our website uses Google Analytics cookies. Information collected by these cookies will be transferred to and stored by Google on servers in the USA in accordance with its privacy practices. Website analytics refers to a set of tools used to collect and analyse usage statistics, enabling us to better understand how Users use the Website.

By using this website you consent to the use of cookies in accordance with this Cookies Policy. In particular, you accept the use of the Cookies for the purposes described above. If you do not consent to the use of these cookies please disable them following the instructions in this Cookie Notice so that cookies from this website cannot be placed on your device.

### Cookies management

TEMPACK will not use cookies to collect personally identifiable information about you. However, should you choose to disable, reject or block our cookies, some parts of our websites will not function fully.
